

GRANT HISTORY -- The Walter and Duncan Gordon Foundation Fresh Water Resources Protection Programme

<u>Organization Name</u>	<u>Amount</u>	<u>Brief Description</u>	<u>Year</u>	<u>Products</u>
OBJECTIVE 1: SUSTAINABLE WATER MANAGEMENT				
Alberta Ecotrust Foundation/Bow Riverkeeper	47,000	Support for the work of Bow Riverkeeper on water policy in Alberta and capacity building for the provincial 'Water for Life' strategy	2006	Analysis of collaborative watershed planning for the Bow River Basin Council (incorporated into their watershed planning process). Online library: Integrated Water Resource Management Toolkit outlining 1) the history of IWRM; 2) general information; 3) examples from other jurisdictions; and 4) Shared Watershed Governance.
Alternatives Journal	5,000	Distribution of 'Water Hot Spots' map to decision-makers.	2004	Supplement in Trusting the Tap - the Spring 2003 issue of Alternatives Journal
Anglican Church of Canada, Anglican Council of Indigenous Peoples	5,000	Support for research and hosting a conference on Indigenous Water Rights in Canada.	2004	Our Waters, Our Responsibility: Indigenous Water Rights Forum, May 13-15, 2004, Winnipeg
Canada West Foundation	40,000	Research and consultation on the importance of water to Alberta's economy and the role of water conservation in ensuring long-term economic prosperity and healthy watersheds.	2004	Wilkie, K (2005), Balancing Act: Water Conservation and Economic Growth
Canada West Foundation	40,000	An inquiry into urban water policy and resource issues in western Canadian cities.	2003	McFarlene, S (2003), Regional Water Works: Sharing Urban Water Services Roach and Dobson (2003), Drop by Drop: Urban Water Conservation Practices in Western Cities McFarlene S and E. Nilson (2003), On Tap: Urban Water Issues in Canada
Canadian Centre for Policy Alternatives	2,500	2007 Youth Activist Retreat	2007	
Canadian Institute for Environmental Law and Policy	5,000	Great Lakes reception at Queen's Park, co-hosted by Canadian Institute for Environmental Law and Policy, Canadian Environmental Law Association and Great Lakes United.		
Canadian Institute of Resources Law	60,000	To contribute to the task of designing a water management framework consistent with the objectives of Alberta's 'Water for Life' initiative and to suggest how existing water management tools can be integrated in an overall water management framework.	2004	Wenig, M, A. Kwasniak and M. Quinn (2006) Water Under the Bridge? The Role of Instream Flow Needs (IFNs) Determinations in Alberta's River Management Water Under the Bridge? The Role of IFNs in Federal and Inter-Jurisdictional Management of Alberta's Rivers" in H. Epp, ed., Water: Science & Politics (2006) Wenig, M and M. Quinn (2006) Off Course in Managing Transboundary Rivers in Environmental Law Wenig, M (2006) The Sleeping Giant of Watershed Protection in Environmental Law Wenig, M (2006) Who's Minding the Water in Southern Alberta? Wenig, M (2005) Making Sense of New terms Wenig and Saunders contributed to "Eau Canada" with "Chapter 6: Who's Water? In Bakker, K (2006) Eau Canada UBCPress.
Capital Regional Distric Water Services	20,000	To write and produce a best practices manual as a report of the September 'Water in the City' Conference	2006	
Ecology North	5,000	To bring representatives of NWT First Nations to Edmonton on World Water Day to raise awareness about the threats to northern watersheds from development in Alberta.	2007	
Environmental Defence Canada Inc.	141,000	Renewal of support for the Ontario Water Action Group and thewaterhole.ca project, in partnership with Canadian Environmental Law Association (2 years).	2007	
Environmental Defence Canada Inc.	200,000	Renewal of support for the Ontario Water Action Group and thewaterhole.ca project, in partnership with Canadian Environmental Law Association (2 years).	2005	CELA's Preliminary Analysis of the Proposed Amendments to the Water Taking and Transfer Regulation (O. Reg 285/99) EBR Registry Number: RAO4E0011 Prepared by Ramani Nadarajah and Sarah Miller Discussion Paper on source Protection Committees under the Clean Water Act, 2006 Water Guardians Network (currently 25 members) www.thewaterhole.ca Protecting Ontario's Water Now and Forever: A Statement of Expectations for Watershed-Based Source Protection from Ontario Non Governmental Organizations CELA's Preliminary Analysis of the Proposed Amendments to the Water Taking and Transfer Regulation Outreach educational kits

			Clause-by-clause review for standing committee hearings on Bill 43: the Clean Water Act
			Response to Ontario Government's White Paper on Watershed-based Source Protection Planning.
Environmental Defence Canada Inc.	50,000	To host in partnership with Canadian Environmental Law Association, a forum for public and NGO engagement on current water policy developments in Ontario.	2004 The Clean Water Act 2005: Comments and Recommendations Regarding the Proposed Matters to be Addressed in Regulations
Friends of the Earth	200,000	Developing an academic network and initiating water 'soft path' studies (2 years).	2005 Alternatives July/August 2007 Issue, "Myth of Water Abundance" featuring water soft path project.
			CWWA Bulletin July/ August, 2007 "There's a Hole in the Bucket, Dear John." by Lynn Barber
			Issacman, L and G. Daborn (2006) A Water Soft Path for the Annapolis Valley, Nova Scotia: A Case Study of Sustainable Freshwater Management at a Watershed-Scale, Acadia University.
			Jordaan, S and C Stevens (2006) The Soft Path for Water: Building a Barrier-free Path to Water Conservation, Faculty of Environmental Design, University of Calgary, Calgary, AB.
			Brooks (2006) Water Soft Path Concepts: Concept and Opportunity
			Hellebust, A (2006) Wastewater Reuse in Residential, Institutional and Commercial Buildings in Canada: Current Motivations, Future Scenarios and Initiatives Ecowerks Technologies
			Brandes O, and D. Brooks (2006) Soft path in a nutshell
			Brooks, D (2005) Beyond Greater Efficiency, The Concept for Water Soft Paths Canadian Water Resource Journal 30(10) p. 1-10
			Mishcalska, A (2005) A Study of Freshwater Aquaculture in Canada
			Mischalska, A (2005) Freshwater: A Study of Golf Courses in Canada
			Brooks and Brandes contributed a chapter to Eau Canada "Chapter 14: Moving Water Centre Stage" Bakker, K (2006) UBCPress.
Friends of the Earth	24,600	Designing and testing the feasibility of a water soft path analysis for Ontario.	2003 Brooks D, and G. Rose (2004): A Path not Taken: A Methodological Exploration of Water Sot Paths for Canada and Elsewhere.
Manitoba Eco-Network Inc.	35,000	Renewal of support for the Water Caucus Co-ordinator	2006 City of Winnipeg resolution endorsing the Water for Life Declaration
Manitoba Eco-Network Inc.	32,400	Water Caucus Co-ordinator to assist groups with the development of regulations under the province's new water law and to hold two public forums on water policy in Manitoba.	2005
Manitoba Protected Areas Society	75,000	Agency Agreement to research, review and lead public education related to water policy in Manitoba.	2004 Manitoba Wildlands Comments for Lake Winnipeg Stewardship Board Interim Report (November 5, 2004)
			Comments - Red River Floodway Expansion Project EIS File # 4967.00 submitted by Manitoba Wildlands (October 14, 2004)
			Comments on Bill 22 - Manitoba Water Protection Act: Manitoba Wildlands September 13, 2004
			Water website at manitobawildlands.org
McMaster University	5,000	Science and public policy workshop	2006 Science - Policy Futures Workshop, May 18, 2006, McMaster University (Final Report)
National Council of Women of Canada Education Fund	5,000	Water expert and youth participation at the National Council of Women of Canada AGM	2007 Letter to Prime Minister Stephen Harper articulating Motion of Support by the Council for a National Water Strategy.
Partners FOR the Saskatchewan River Basin	2,000	NGO registration at 'Climate Change and Water in the Prairies' conference	2006
Pembina Institute	10,000	Understanding the shift to 'Smart Regulation'.	2006 Governance and the Environment in Canada From Regulatory Renaissance to 'Smart Regulation', 2006
Pollution Probe	20,000	National water policy workshop series.	2006 Pollution Probe (2007), Towards a Vision and Strategy for Water Management in Canada, Final Report for the Water Policy in Canada National Workshop.
Sage Foundation/Tides Canada Foundation	25,000	Climate change workshop for NGOs	2007 Community of practice collaborative learning workshop: Linking climate change impacts to people's daily lives, February 8 - 9, 2007
Sage Foundation/Tides Canada Foundation	20,000	The Future of Water Program - Alberta youth workshops by Waterlution	2007
Sage Foundation/Tides Canada Foundation	5,000	The Future of Water, Residential Workshop by Waterlution November 17-19, 2006 Engaging Canadian Youth on Water issues from the Rocky Mountain headwaters to Kananaskis	2006 Workshop Reports
Sage Foundation/Tides Canada Foundation	5,000	Plain language summary a report on the implications of climate change for Canada's water resources	2006 Tin, Tina ed (2006) Implications of a 2°C global temperature rise on Canada's water resources (Sage Foundation/World Wildlife Fund Report)
			2 Degrees is too much! Pamphlet http://assets.panda.org/downloads/050129evidenceandimplicationshires.pdf

Sage Foundation/Tides Canada Foundation	15,900	Second special water issue of Corporate Knights magazine, in partnership with Waterlution.	2005	Second Water Issue of Corporate Knights
Sage Foundation/Tides Canada Foundation	15,000	Corporate Knights magazine's special double issue on water, in partnership with Waterlution	2004	2004 Water Issue
Saskatchewan Environmental Society Inc.	70,000	Renewal of support for the water co-ordinator and support to expand the organization's work on watershed planning	2006	(2006) A Critical Analysis of Agrivision's Water Wealth: A Fifty year water Development Plan for Saskatchewan. (2006) Saskatchewan Citizens' Statement of Expectations on Water Protection and Governance Sustainable Water Management in Saskatchewan: Principles and Values, A Discussion Paper by the Saskatchewan Environmental Society, Jan. 2006
Saskatchewan Environmental Society Inc.	35,000	Coordinator to develop the organization's water program, and to produce materials to contribute to the development of water policy in the province.	2005	(2006) People are Asking? Does Saskatchewan need more dams?
Science Information Sources	5,000	The Science of Water and How it Affects Our Lives' national conference on the science and technology behind major regional, national and international issues surrounding water.	2004	Controlling Our Thirst: Managing Water Demands and Allocations in Canada by Joanna Kidd for the Walter & Duncan Gordon Foundation (June 2004)
Sierra Legal Defence Fund Society	80,000	Research, writing and public education on water rights transfers and the policy implications of virtual water exports (over 2 years).	2004	Randy Christensen was a contributor to "Eau Canada" with "Chapter 11: Trading Our Common Heritage? The Debate over Water Rights Transfers in Canada" in Bakker, K (2006) Eau Canada UBCPress
Sierra Legal Defence Fund Society	25,000	Publication of "Waterproof" report on waterborne disease outbreaks in B.C.	2001	WaterProof: Canada's Drinking Water Report Card, 2001
Simon Fraser University - Faculty of Continuing Studies (Science)	5,000	Workshop discussion paper "Canada's Fresh Water Resources: Toward a National Strategy for Freshwater Management".	2002	Smith, R (2002) Canada's Fresh Water Resources: Toward a National Strategy for Freshwater Management. For May 2002 Workshop
Simon Fraser University - Faculty of Continuing Studies (Science)	20,000	Support for the "Water and the future of life on earth" workshop.	2002	Water and the Future of Life on Earth Workshop Synopsis and Think Tank Session. Report from May 2002 conference. Gallaugher, P, Smith R and L Wood (2002) Water and the Future of life on Earth: Briefing Book Simonh Fraswer University
Smart Growth British Columbia	50,000	Smart Growth on the Ground in Oliver, BC initiative to provide a model of land use policies, regulations and practices that can be used by local and regional governments to achieve their water demand management and groundwater protection goals.	2004	Design brief for Greater Oliver (2006) and Foundation Research Bulletins (FRBs) FRB No. 1 Climate Change and Water Resources FRB No. 2 Rainwater Management FRB No. 3 Water Conservation FRB No. 4 Conservation of Biodiversity and Ecological Functions FRB No. 5 Affordable Housing FRB No. 6 Large Format Retail FRB No. 7 Rural and Town Character FRB No. 8 Planning for the Needs of Agriculture
Southern Alberta Land Trust Society	35,000	Southern Foothills Study - policy outreach	2007	
The Banff Centre	40,000	Public outreach activities as part of the 'Mountains as Water Towers' international conference.	2003	McDonald,B. and L. Taylor Mountains As Water Towers Banff Mountain Summit 2003, The Banff Centre, McDonald, B and D Jehl. (ed). (2003) "Who's water is it? The Unquenchable Thirst of a Water-Hungry World" National Geographic Society
University of Alberta	15,000	Publication and distribution of the 'The Algal Bowl' book by Dr. David Schindler	2006	
University of Alberta	100,000	Research and scientific analysis on freshwater issues in Canada directed by Dr. David Schindler	2001	Schindler and Donahue (2006) "An Impending Water Crisis in Canada's Western Prairie Provinces" Proceedings of the National Academy of Sciences. Schindler, D (2001) The Cumulative Effects of Climate Warming and Other Human Stresses on Canadian Freshwaters in the New Millennium. Canadian Journal of Fisheries and Aquatic Sciences 58: 18 -29. Donahue WF, Allen EW and DW Schindler 2006. Impacts of coal-fired power plants on trace metals and polycyclic aromatic hydrocarbons (PAHs) in lake sediments in central Alberta, Canada. J. Paleolim. 35: Schindler and Donahue 2006. A case study of the Saskatchewan River System. Rosenberg International Conference on Managing Upland Watersheds in an Era of Global Change, Banff, Sept 6-11 2006.
University of Alberta, Parkland Institute	30,000	To engage the public on water issues, develop issue papers and conduct a symposium that will inform current policy developments in Alberta and Parkland's ongoing research agenda.	2004	111-128.

University of British Columbia	128,360	Support for the Program on Water Governance for policy outreach and dissemination of its work on local water management strategies and transboundary water governance (over 2 years)	2006	Damned, Drained and Hosed sketch comedy piece on the political economy of water in Alberta toured the province. C. Hill, Furlong, K., Bakker, K., and Cohen, A. (2006) Emerging Issues in Water Governance and Legislation in the Canadian Provinces and Territories. Paper presented at the Canadian Water Resources Association annual conference. Toronto, June 4 K. Furlong and K. Bakker (2006) Poster presentation. Annual Meeting of the Canadian Water Network, Montreal, November. Bakker, K. (2007) 'The commons versus the commodity: 'Alter'-globalization, privatization, and water in the global South' Session: The Socioecological Nature of Water II: Water Rights and Privatization. Presented at the Annual Meeting of the Association of American Geographers, San Francisco. April.
University of British Columbia	21,065	Dissemination and policy outreach for the book 'Eau Canada' to inform decision-makers and water consumers.	2005	
University of British Columbia	50,000	Research on the topic of real and 'virtual' water use and export as they relate to water balance models used in water allocation decisions.	2006	Schreier, Hans, Les Lavkulic and Sandra Brown (2007), Real and Virtual Water and Water Footprints: A Comparison between the Lower Fraser Valley and the Okanagan Basin Final Report K. Schendel, J. MacDonald, H Schreier and LM Lavkulich. Virtual Water: A framework for comparative regional resource assessment submitted for review in 2006 to the Journal of Environmental Assessment Policy and Management E.K. Schendel, J.R. MacDonald, H. Schreier*, and L.M. Lavkulich (2006) The virtual water content of dairy and poultry livestock and their waste products; an illustrative example from the Lower Fraser Basin, British Columbia Institute for Resources, Environment and Sustainability, Uiveristy of British Columbia
University of Guelph	76,247	Enhancing water security in Canada' project by the Guelph Water Management Group to evaluate water allocation practices.	2005	Technical Report 1: Characterization of Water Allocation Systems in Canada Technical Report 2: Water Security Assessment of Water Allocation Systems in Canada draft (2007) Water Allocation and Water Security in Canada: Initiating a Policy Dialogue for the 21st Century.
University of Toronto	260,000 per year for 3	Establishment of the Program on Water Issues, Munk Centre for International Studies (3 years). Partial focus on good governance for municipal infrastructure.	2001	Bakker, K and D. Cameron (2005) Governance, Business Models and Restructuring Water Supply Utilities: Recent Development in Ontario, Canada Water Policy 7 pp. 485 - 508 Bakker, K (2003) Good Governance in Restructuring Water Supply: A Handbook (published with Federation of Canadian Municipalities) Bakker K and Cameron D (2002) Good Governance in Municipal Restructuring of Water and Wastewater Services
University of Victoria - POLIS Project on Ecological Governance	280,000	Renewal of support for the ongoing work of the POLIS Project on Ecological Governance 'Water Sustainability Project' (over 3 years)	2006	Alternatives July/August 2007 Issue, "Myth of Water Abundance" Urban Water Soft Path: 'Back of the Envelope' Backcasting Framework, 2007 Finding a New Path in Oliver, BC: A Soft Path Case Study, 2007 Brandes, O and T. Mass (2007) Urban Water Soft Path 'Back of the Envelope' Backcasting Framework POLIS Project on Ecological Governance
	230,000	Continuation for two years of POLIS work on water demand management by Canada's municipalities.	2004	Brandes, O, T. Maas and E. Reynolds (2006) Thinking Beyond Pipes and Pumps Brandes, O and D. Brookes (2006) The Soft Path for Water in a Nutshell
University of Victoria - POLIS Project on Ecological Governance	142,000	Renewal of support for developing a framework for demand-side management of urban water regimes.	2003	Brandes et al.(2004) At a Watershed: Ecological Governance and Sustainable Water Management. Brandes O and K. Ferguson (2004), The Future in Every Drop: The Benefits, Barriers and Practice of Urban Water Demand Management in Canada Maas, T (2004), What the Experts Think: Understanding Urban Water Demand Management in Canada
University of Victoria - POLIS Project on Ecological Governance	103,000	Research to develop a framework for demand-side management of urban water regimes in Canada.	2002	Brandes, O and K. Ferguson (2003) Flushing the Future? Examining Urban Water Use in Canada http://www.waterdsm.org/pdf/report1_full.pdf Brandes, O with K. Ferguson. (2003) Examining Urban Water Use in Canada. POLIS Project on Ecological Governmance.
University of Victoria - POLIS Project on Ecological Governance	60,000	To enable the POLIS Project on Ecological Governance to become an approved research centre of the University.	2003	
University of Victoria	320,000	Leadership development grant for David Boyd, Senior Associate of the Eco-Research Chair in Environmental Law and Policy, and his work towards strengthening Canada's environmental laws and policies for the benefit of all Canadians. Renewed over three years, 2001 - 2002	2000	Unnatural Law: Rethinking Canadian Environmental Law and Policy, 2003.
The Otesha Project	25,000	Youth engagement across Canada on water conservation, particularly building policy engagement into the project.	2004	The Otesha Project (2005) From Junk to Funk
The Sustainability Institute of Canada	10,000	Ontario Freshwater Learning Network	2006	
University of Lethbridge	35,000	Climate impacts and adaptation in the Rocky Mountain watersheds	2007	

University of Ottawa	5,000	Sustainable prosperity project - strategic retreat	2006
University of Waterloo	50,000	Blue Builders: water efficiency, innovation and policy in the residential building sector (year 1 of 2)	2007
West Coast Environmental Law Research Foundation	100,000	A 3-tiered project to support the adoption of an integrated 'green infrastructure' approach to community development in British Columbia (over 2 years)	2006 Rutherford, S (2006) Green Buildings Guide Rutherford, S (2007) Green Infrastructure Guide
World University Service of Canada	15,000	Public deliberations to be held in several University communities across the country on sustainable access to fresh water.	2003 CCIC (2004) Reflections on Water: Canadians deliberate issues of access to freshwater Final Report
OBJECTIVE 2: GROUNDWATER			
Municipality of Chelsea, H2O Chelsea	25,000	Production of water quantity monitoring program kits, and the preparation of a manual to help other groundwater dependent communities improve groundwater protection.	2005 Water Monitoring Kits Guidance Publications
Pembina Institute	200,000	Strategic partnership 2007 - 2009 (1 of 3 years)	2007
Pembina Institute	25,000	To research and provide policy recommendations regarding the potential impacts of conventional and unconventional gas development on freshwater aquifers in Alberta	2006 Griffiths, M (2007) Protecting Water, Producing Gas FAQ on Protecting Water, Producing Gas
Pembina Institute	73,120	To support Pembina Institute for Appropriate Development's work on water use by the oil and gas industry in Alberta.	2004 Griffiths, M, A Taylor, and D. Woynilowicz(2006) Troubled Waters, Troubling Trends
Sierra Legal Defence Fund Society	15,000	Case study on groundwater pricing policies, to be included in the Foundation's groundwater permitting and pricing report.	2004 Buried Treasure: Groundwater Permitting and Pricing in Canada
The Niagara Escarpment Foundation	5,000	Supporting stronger source water protection on the Niagara Escarpment.	
University of Toronto	25,000	Workshop entitled 'Managing Groundwater Resources in the Great Lakes Basin: Vision and Principles' with water experts from around the Great Lakes Basin.	2003 Expert Workshop on Managing Groundwater Resources in the Great Lakes basin: Securing our Future. Galloway G. and R. Pentland (2003)Managing Groundwater Resources in the Great Lakes Basin: Securing Our Future (Commissioned Paper)
University of Toronto	As noted in previous section	Establishment of a Senior Fellow, Program on Water Issues, at the Munk Centre for International Studies (3 years) with particular focus on groundwater.	2001 Kidd J, (2002) Groundwater: A North American Resource A (Background) Discussion Paper Kidd J, (2002) Groundwater: A North American Resource A (Background) Discussion Paper
Watershed Watch Salmon Society	60,000	Research, public education and policy reform on BC's groundwater laws and policies as they relate to the protection of wild salmon and their habitat.	2006 Review of British Columbia's Groundwater Regulatory Regime, 2007 Speaking for the Salmon workshop, 2007 Douglas, T (2006) Review of Groundwater-Salmon Interactions in British Columbia Douglas, T (2006) Nicola Water Use Management Plan Case Study Douglas, T (2006) Township of Langley Groundwater Management.
West Coast Environmental Law Research Foundation	11,000	Case study on groundwater use in Canada, to be included in the Foundation's groundwater permitting and pricing report.	2004 Buried Treasure: Groundwater Permitting and Pricing in Canada
OBJECTIVE 3: TRANSBOUNDARY			
Great Lakes United Foundation	42,405	Project to make recommendations for improving bi-national coordination for protection of the Great Lakes ecosystem.	2007
Great Lakes United Foundation	28,725	Water policy workshops across Ontario, in partnership with the Canadian Environmental Law Association.	2003 Project: Ontario water policy issues - information sharing and citizen engagement
Lake Ontario Waterkeeper	60,000	Clean Water Workshop and the launch of the 'Waterkeeper Syllabus', a series of reports and a web site archive that bring grassroots wisdom to the policy-making process.	2005 Primer #1: Taking water from the Great Lakes: a citizen's guide to the policies, rules, and procedures that protect Ontario's waterways, 2006 Primer #2: An Introduction to Canadian Environmental Law and Tools
Nature Québec	40,000	Project to initiate broader involvement of Québec civil society on Great Lakes/St. Lawrence transboundary water issues	2007

Sierra Club of Canada Foundation	160,000	Ongoing engagement on implementation of the Great Lakes Charter Annex Agreements and development of water conservation objectives, and review of the Federal water policy (2 years)	2006 Comments and Recommendations Regarding the Renewal of the Canada-Ontario Agreement Respecting the Great Lakes Basin Ecosystem, February 2007 Environmental Groups Letter to York Region Regarding Proposed Intra-Basin Diversion - December 2006 Brief to the Public Hearings, Social Policy Committee, Ontario Legislature Regarding the Clean Water Act 2005, Bill 34 - August 2006 Comments and Recommendations Regarding the Operation of Source Protection Committees under the Clean Water Act - February 2006 Government of Canada Submission on the on the Proposed Great Lakes Basin Sustainable Water Resources Agreement and Great Lakes Basin Water Resources Compact, January 7, 2005 Sierra Club of Canada Comments on the proposed Annex 2001 to the Great Lakes Charter - House of Commons CESD - Nov. 2004 Sierra Club of Canada Comments on the proposed Annex 2001 to the Great Lakes Charter - Ontario Ministry of Natural Resources - Sept. 2004 NAFTA Effects on Water - Testing for NAFTA Effects in the Great Lakes Basin, Christine Elwell, LL. B, LL. M, Sierra Club of Canada
Sierra Club of Canada Foundation	36,225	Renewal of 'Protecting the Great Lakes system' project. Research and dialogue on the proposed new draft of the Great Lakes Charter Annex and potential alternatives.	2005 May (2005), A Citizen's Primer to Protecting the Great Lakes and St. Lawrence River The Chicago Consensus: Great Lakes Statement of Principles - A View from the Sierra Club - US and Sierra Club of Canada
Sierra Club of Canada Foundation	42,500	Legal and policy work focussed on alternatives to draft Great Lakes Charter Annex agreement; convening bilateral meeting of Sierra Club Canada and US chapters; hosting discussion with federal agencies.	2004 Tarlock, D (2004) A Legal Analysis of Great Lakes Issues Particularly Related to Diversions
Soil and Water Conservation Society, Ontario	85,000	National Workshop on Watershed Conservation	2006
Soil and Water Conservation Society, Ontario	54,000	Combatting impacts on soil and water of higher intensity rains with climate change.	2004 Planning for Extremes: Adapting to impacts on soil and water from higher intensity rains with climate change in the Great Lakes basin (2006). Planning for Extremes A Report from a Soil and Water Conservation Society Workshop Held in Milwaukee, Wisconsin, November 1-3, 2006
The CJL Foundation	25,000	Legal analysis and consultation directed by Chiefs of Ontario, in support of aboriginal peoples' analysis and engagement regarding the proposed Great Lakes Charter Annex.	2005 Kempton, K (2005) Bridge over troubled waters: Canadian Law on Aboriginal and Treaty "Water" Rights and the Great Lakes Annex
United Nations Association in Canada, www.unac.org	5,000	Canada and the Right to Water: A dialogue on options and opportunities	2007 E. Norman and K. Bakker (2007) Transgressing Scales: Water Governance across the Canada-US Borderland. Session: More Than a Line on a Map: Border Geographies across the Globe. Organizer: L. Dennis. Annual Meeting of the Association of American Geographers, San Francisco. April
University of British Columbia	As noted in previous section	Support for the Program on Water Governance for policy outreach and dissemination of its work on local water management strategies and transboundary water governance (over 2 years)	2006 Cohen, A. and K. Bakker (2006) Transboundary groundwater governance in the San Juan and Gulf Islands. Report to the British Columbia Ministry of the Environment October August Norman E and K. Bakker (2005) Drivers and Barriers of Cooperation in Transboundary Water Governance: A Case Study of Western Canada and the United States. United Nations Association in Canada, A Human Right to Water Summary Report of a Seminar jointly organized by the United Nations Association in Canada and Human Security and Human Rights Bureau, Department of Foreign Affairs and International Trade, March 29 & 30, 2007
University of British Columbia	4,800	Transboundary water governance report by Karen Bakker and Emma Norman.	2005 E. Norman and K. Bakker (2005) Drivers and Barriers of Cooperation in Transboundary Water Governance: A Case Study of Western Canada and the United States
University of Toronto	340,000 per year	Renewal of support for the Program on Water Issues, Munk Centre for International Studies; focus on transboundary water issues and 'Water in the West'	2006 Adamowicz and Schindler (2007) Running out of Steam? Hurley contributed "Chapter 8: Thirsty Neighbours: A Century of Canada-US Transboundary Water Governance" in Bakker, K (2006) Eau Canada UBCPress.
University of Toronto	260,000 per year	Renewal of support for POWI with focus on transboundary water issues.	2004 LEGAL DIVERSIONS OR LEGAL SOLUTIONS: The DRAFT Annex 2001 Agreements and Future of the Great Lakes Basin Workshop, 2005 A Binational Perspective on the Draft Report on Red River Valley Water Needs and Options 2005
University of Toronto	As noted in previous section	Establishment of the Program on Water Issues, Munk Centre for International Studies, University of Toronto for work on transboundary groundwater management.	2001 Nikiforuk, A (2004), Political Diversions: Annex 2001 And The Future of the Great Lakes Bilateral Workshop on the Revised Annex Agreements and the Future of the Great Lakes Basin: Pentland and Olson (2004) Decision Time: Water Diversion Policy in The Great Lakes Basin" Rising Tensions: Canada/US Cross Border Water Issues in the 21st Century Shindler and Hurley 2004
University of Victoria, Centre for Global Studies	40,000	Conference and public education project to stimulate public dialogue about the future of Canada's relations with the United States with respect to water, energy, security and economic integration.	2004 Eight briefing notes were commissioned from Canada-US experts in water: Water Supply Privatization by Karen Bakker Briefing note on Water, by David B. Brooks;

Future Canada-US water relations: Stresses within a water distressed world by Margaret Catley-Carlson

Canada-U.S. Water Issues by Ted Horbulyk

Canada-U.S. Water Issues: Supply Management by Frederic Lasserre

Indigenous Peoples Water Rights: Challenges and Opportunities in an Era of Increased North American Integration by Ardith Walkem;

Groundwater in the Midwest: Past, Present, and Future, and Implications for North America by T.F. Pedersent

Potential Problems with Cross-Border Water Issues: The U.S. and Canada in the 21st Century by David Schindler and Adele Hurley

FOUNDATION INITIATED PROJECTS AND DIRECT EXPENSES

Buried Treasure Groundwater Project	approx. \$100,000	Research, writing and publication of Buried Treasure: Groundwater Permitting and Pricing in Canada	2004 Buried Treasure: Groundwater Permitting and Pricing in Canada (2005) by Linda Nowlan for the Walter and Duncan Gordon Foundation
		25,000 First workshop for NGOs and regulators to discuss Buried Treasure. Co-hosted with Munk Centre for International Studies in February 2006.	www.buriedtreasurecanada.ca Groundwater Workshop on Provincial Permitting Systems in Canada, January 2006 (Final Report)
		25,000 Second workshop for NGOs and regulators to discuss Buried Treasure. Co-hosted with Program on Water Governance, UBC, May 2007.	Groundwater Extraction and Ecosystem Protection in Canada: Permitting, Planning, and Collaboration Workshop 2007 (Final Report)
Great Lakes Annex		Meeting of ENGO's cohosted with CS Mott and Joyce Foundations at the Wingspread conference centre in Racine, Wisconsin.	Chapter 4 "Out of Sight, Out of Mind?" In Bakker, K (2006) Eau Canada UBCPress is a summary version of this publication.
	5,000	Four experts were invited by the Foundation to comment on the drafts of the Implementing Agreements for Annex 2001 released by the Council of Great Lakes Governors.	2005 Wingspread Conference Centre, February 22-23, 2005 Final Proceedings prepared by Hajo Versteeg (facilitator) and Joanna Kidd
			2004 Annex 2001: Submission of Friends of the Earth Canada and Polis Project by Tony Maas and David Brooks
